

THE PLACE TO BE

By Bailey Regan

North Andover is the place to be
Red and black make a checkered sea
Eagerly climbing Weir Hill
In climbing it comes such a thrill
Swim and splash at Stevens Pond
Hang out at the Youth Center, where many kids bond
Merrimack College's telescopic dome
Where many college students roam
Nancy Chippendale's, it's "where kids always have fun"
Root for the Knights football team, they're number one!
I hope now it is easy to see
North Andover is the place for me.
